CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 2218

Introduced by Assembly Member Bradford

February 20, 2014

An act to add Section 739.3 to the Public Utilities Code, relating to energy.

LEGISLATIVE COUNSEL'S DIGEST

AB 2218, as amended, Bradford. Electricity and natural gas rates.

Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations and gas corporations, ~~as defined~~; *defined, while local publicly owned electric utilities, as defined, are under the direction of their governing board.* Existing law authorizes the commission to fix the rates and charges for every public utility, and requires that those rates and charges be just and reasonable. Existing law requires the commission to establish a program of assistance to low-income electric and gas customers, referred to as the California Alternate Rates for Energy (CARE) program.

This bill would require each electrical corporation and gas corporation, subject to direction and supervision by the commission, to develop and implement a program of rate assistance to eligible food banks, as defined, at a fixed percentage to be determined by the commission. The bill would authorize the commission to adjust the fixed percentage of

rate assistance as appropriate. *The bill would encourage the governing board of each local publicly owned electric utility to develop and implement a program of rate assistance to eligible food banks at a fixed percentage, to be determined by the governing board, but consistent with that fixed by the commission for electrical corporations.*

Under existing law, a violation of the Public Utilities Act or any order, decision, rule, direction, demand, or requirement of the commission is a crime.

Because the provisions of this bill would be a part of the act and because a violation of an order or decision of the commission implementing its requirements would be a crime, the bill would impose a state-mandated local program by creating a new crime.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
